

BADGE BOARD

Centralize your participants' dosimeters

LANDAUER® thinks outside the badge and offers tools to help you in the daily management of your dosimetry.

XS board
from 1 to 5 dosimeters
H 18 cm x l 20 cm*

M board
10 transparent cases
H 67 cm x l 18 cm*

L board
75 dosimeters
H 60.5 cm x l 70.2 cm*

* Approximated dimensions

STORAGE RACK TO COLLECT, STORE AND DISTRIBUTE DOSIMETERS

■ A tool to manage your dosimeters

Boards bring an easy way to distribute your dosimeters and a reminder for participants of the need to exchange their exposed badges with a «returned dosimeter» shelf.

■ A way of creating a dosimeter exchange point

A place to put the control dosimeter, shelves to leave the participants badges when they are not being worn: less loss, less risk of non returned dosimeters.

■ The possibility to create a radiation protection centre in each department

Central location for information sheets, messages, notices...

Area dosimeter holder

- An easy grip for your area dosimeter
- A fixation with tape
- A customisable sticker
